

The Innovact Awards for Innovation Innovact - L'Étudiant 2004

APPLICATION FORM

If you are a student with a creative idea for a business project, you can with a team or individually, take part in the second edition of the Innovact Awards for Innovation whose aim is to reward new and challenging projects. The winners will receive 1500 euros and will benefit from media coverage. Your project can either be in its design stage, in progress or already launched.

The selection committee composed of professionals (heads of companies, journalists, scientists) presided over by Philippe Busquin, European commissioner for research, will reward the candidates who - whatever the product or activity- show imagination as creators.

All students can take part in the competition either individually or within the framework of their institution. However, the reputation or prestige of the institution will not influence the final decision which will depend entirely on the quality of the projects presented.

The projects can be submitted in 2 categories :

- Industrial products
- Private individual services or Company services

The Awards ceremony will take place in Reims from Tuesday 5 October to Thursday 7 October 2004, during the 9th edition of Innovact, the forum for innovative new companies.

If you wish to participate, complete the following application form (3 pages), and attach any accompanying documents you will judge necessary.

Deadline for receipt of application forms : **Friday 2 July 2004.**
